Annual Support Service - support subscription

# With the S4i Sports Control Package, you can:

Control, manage and automate four sports lighting poles, with a dashboard interface.

## Peace of Mind

Stay aligned with performance and compliance, backed by professional design, commissioning, warranty, and remote support.

## Energy Savings

Reduce operating costs with intelligent controls, and efficient scheduling

## Seamless Control

Switch easily between match, training, or partial field modes.

## Easy to Use

Manage lighting through an intuitive dashboard, accessible on-site or remotely.

## Future-Proof Flexible

Easily retrofit with wired DALI or wireless BLE Casambi, offering simple installation and adaptable hybrid technology.
